# RAILROADS MUST NOT STOP

ABSOLUTELY ESSENTIAL THAT THEY BE KEPT RUNNING AT PRESENT TIME

## Presidents Urged to Accept Eight Hour Day and Defer Arbitration to Future

(By Associated Press.)

WASHINGTON, August 21.—President Wilson reiterated to the railroad executives, including those arriving today, his demand that they accept his plan of settlement for the threatened railroad strike. The executives then began the first of a series of meetings wherein they will frame a reply.

The president reinforced his previous argument by pointing out that the railroads play an important part in the military preparedness of the country, as they are a vital part of the industrial framework of the nation and it was absolutely necessary to keep them running at the present time. He told the railroads he did

not blame them in fighting for the principle of arbitration, but believed that under the present circumstances they should accept the eight hour day, leaving the working out of the principle of arbitration until later. The executives who had not entered into argument with the president afterwards said they were deeply impressed and would give full weight to his argument at their conference.

As they left the White House their spokesman said there was no change in the situation and that the railroad officers would meet in executive session immediately in an effort to reach a decision.

The president declared he agreed with the executives, believing in the arbitration of industrial disputes, but

in view of the fact that the railroad employees refused to accept arbitration it was impracticable to discuss the issue at present. He urged the executives and their managers in the meetings to consider the disaster which would follow a strike.

With all the world in a measure depending on the products of the United States, he said, it would be a catastrophe for the railroad system of the United States to be tied up. He said that in working for preparedness in the United States the work of the railroads played an important part in his considerations and that all the plans of the government for preparedness would be thrown away by a strike. On this ground he appealed to the patriotism of the employers.

## REVIEW OF BATTLE GROUND OF EUROPE

(By Associated Press.)

LONDON, August 21.—The German high seas fleet has appeared again in the North Sea and a clash between German submarines and British scout ships caused two British light cruisers to be sent to the bottom.

On the western front the French continue to press forward in the neighborhood of Guillemont, and Paris reports the capture of a strongly fortified wood between that town and Maurepas. In the Verdun sector the Germans are fiercely counter attacking in an effort to regain Fleury. The British report the repulse of German counter attacks and the capture of a portion of trenches north of Bazentin le Petit.

In the east the Russians are apparently centering their efforts on their new drive toward Kovel. Berlin admits that Gen. Brussloff's troops have crossed the Stokhod at one point and Petrograd says that the Russians have pushed on beyond the river and captured a part of the heights on the road to Kovel. Fierce fighting continues on the crest of the Carpathians, where the Russians are battling within sight of the Hungarian plains. No indication has been given, however, of the strength of the furious engagements in this region and it is uncertain as yet whether Gen. Brussloff is making a serious effort to evade Hungary.

The offensive on the Saloniki front is slowly developing and the fight is growing in intensity on the 150-mile battle line from Lake Presba to Lake Doiran. Both sides claim minor success, but apparently no action of importance has occurred.

## BRITISH WIN AFTER WEEK'S HOT FIGHTING

(By Associated Press.)

BRITISH HEADQUARTERS IN FRANCE, August 21.—The British held all gains made Saturday and also made important gains. This morning they are within 500 yards of Martincuph as the result of taking a trench which held them up between Highwood and Pozieres. In this position vicious attacks and counter attacks have raged for a week. The German resistance, strengthened after

the loss of Pozieres, had to yield to incessant hammering.

(By Associated Press.) LONDON, August 21.—An official report states that strong German detachments which drove back the British covering patrols northwest of Highwood, on the Somme front, this morning, were stopped when they came under the fire of British positions west of the wood. Bombarding attacks on Highwood were repulsed.

NO CHANGE IN AUSTRIAN MINISTER, VIENNA STATES

(By Associated Press.) ROTTERDAM, August 21.—The report that the Austro-Hungarian foreign minister, Baron Von Burian, will resign and be succeeded by Count Julius Andressy, the former Hungarian premier, is denied by a Vienna dispatch.

## LOSSES OF OFFICERS

(By Associated Press.)

LONDON, August 21.—Casualties among British officers during the last seven days were heavier than in any previous war, again showing the effects of the present offensive on the western front. The lists include 737 killed, 1688 wounded and 134 missing. This brings the aggregate losses since the beginning of the war to 36,416 officers, of whom 10,842 were killed or died of wounds; 22,978 were wounded and 2596 are missing.

## CATHOLICS ASSAIL WILSON POLICIES

NEW YORK CONVENTION VOICES SENTIMENT OF THEIR MEMBERS

(By Associated Press.)

NEW YORK, August 21.—The federal administration was assailed at the business session of the American Federation of Catholic Societies. Anthony Maize, secretary, said all Catholic protests to the government against recognition of Carranza were like a "voice in the wilderness."

At a meeting of the German Catholic Central Verein the administration was charged with favoring the entente allies, in the address of Charles Korz, president.

## AMERICANS WIN OVER BIG SWEDES

(By Associated Press.)

STOCKHOLM, August 21.—The All-American soccer football team today won a game, 3 to 2, in the international contest with Swedish players. The game was fast, although it was raining and the ground was slippery.

DARING AVIATOR KILLED BY ACCIDENTAL FALL

(By Associated Press.)

PARIS, August 21.—Second Lieut. Brindejono Des Moulins, a well known aviator, was killed by an accidental fall from an aeroplane in the Verdun region.

## BULGARIANS CAPTURE TWO FORTS IN GREECE

(By Associated Press.)

PARIS, August 21.—Bulgarian troops are advancing toward the Greek seaport of Kavala, it was announced today. They have seized two Greek forts. At several points along the front new engagements have been fought.

## GREECE IS ALARMED

ADVANCE ON CAPITAL CALLS FOR SUDDEN COUNCIL OF WAR

(By Associated Press.)

ATHENS, August 21.—The Bulgarian occupation of Floria caused consternation at the capital, resulting in hasty conferences of the king, general staff and cabinet. The advance of the German-Bulgarian forces in the direction of Kavala is also causing disquietude, although the impression is the general movement is a mere political maneuver calculated to influence Rumania and affect the Greek election.

(By Associated Press.)

BERLIN, August 21.—The German and Bulgarian armies, which had taken the offensive on the western end of the Balkan front, are pushing southward in Greece, where they have wrested further positions from the Serbians and beaten off all efforts to recapture ground gained.

## OVERTURES OF PEACE VERY HUMILIATING

Premier Asquith Admits Central Powers Have Been Feeling Way to Armistice

(By Associated Press.)

LONDON, August 21.—The German government has not yet shown any disposition to agree to peace except on terms that would be intolerable and humiliating to some of the entente allies, said Premier Asquith, replying in the House of Commons to a little group of peace advocates. Asked whether terms of any kind had been suggested, Lord Asquith replied: "Only what have been seen in the press; nothing official."

## JAPS BUYING LAND ON PANAMA ISTHMUS

(By Associated Press.)

WASHINGTON, August 21.—An investigation of reports from Panama that a 60,000 acres land concession at the Atlantic end of the canal is being sought by a Spaniard named Fernandez, presumably for Japanese interests, was ordered by Secretary Lansing today. Reports of similar nature have been common since the

canal was well under way, but have only recently reached a well defined outline. It is believed in diplomatic circles that private Japanese shipping interests are seeking land through Spanish intermediaries to establish a base for storing coal at lower rates than could be had from the American government.

AMERICAN SUPERVISION OF DOMINICAN FINANCES

(By Associated Press.)

WASHINGTON, August 21.—American supervision of Dominican finances will be extended soon to internal revenues as well as customs receipts. A budget system will also be arranged.

## Italians Join the Campaign For the Recovery of Serbia

(By Associated Press.)

LONDON, August 21.—The Italians are about to take part in the important campaign opening in the Balkans, according to Saloniki advices reporting the disembarkation of Italian soldiers there. That German troops will be employed on the Macedonian front in actual war between Italy and Germany, of which there has been no formal declaration, seems probable. The Macedonian

## MONTREAL MUNITIONS FACTORY BLOWN UP

(By Associated Press.)

MONTREAL, Quebec, August 21.—Eight persons were killed and more than a score injured in an explosion yesterday in a munitions plant at Drummondville. Cause unknown.

## INVADING HUNGARY

(By Associated Press.)

PETROGRAD, August 21.—The Russians, pressing forward vigorously through two Carpathian passes leading to Hungary, have captured Jablonitz, on the boundary between Galicia and Bukovina. The former is 20 miles north of the Hungarian border.

## WHITE CAPS EAST CROSSCUT SHOWS 12 FEET OF \$40 ORE

The White Caps, of Manhattan, seemingly has arrived. The last crosscut shows from 10 to 12 feet of ore. Average assays give \$40 a ton in gold, besides the base metals. The vein is running nearly north and south and is walled by lime. On the 315 level, where the strike was made, there is little silicious gangue in the vein, the matrix being chiefly calc spar.

The management expresses the firm belief that the ore will be amenable to the original plan of treatment, yielding 90 per cent or better. Experiments, however, are still being conducted on the newly opened ore.

## KILLED ON FIRST RIDE IN AN AUTO

(By Associated Press.)

SALEM, Va., August 21.—A. W. Garner waited until he was 39 years old before venturing to take an automobile ride and today died.

Yesterday the car on which he took his first ride jumped over a 60 foot embankment and overturned five times before it struck, killing Garner and injuring four including his wife.

RUSSIANS GAINING ALONG THE STOKHOD

(By Associated Press.)

PETROGRAD, August 21.—The Russians made further advances at Somme points along the Stokhod line, where they broke through the Austro-German defenses last week. The capture of 1200 in this region is reported.

(By Associated Press.) PARIS, August 21.—Germans delivered a violent attack on Fleury, near Verdun, last night, using flaming liquid, without result.
